

## January 2022

### January News

- The PALS Mid-Year score entry window is now open! This window is designed for monitoring student's progress in specific literacy skills, especially those on which students may have scored below the individual task benchmark in the fall.
  - Note that PALS Mid-Year materials (Form C) for grades K-8 are not shipped to your district, but may be printed from the "Materials" section of any PALS Online account. PALS-PreK uses the same form as in fall and spring.
  - See the [PALS Mid-Year page](#) for more information.
- **Coming Soon:** Administrators, look for a **new PALS District Implementation Report** to be released later this month! This will be located on your Division Reports page under "Implementation Status/Management" and will combine the current "PALS Assessment in Progress" and "Current Account Information" reports to provide an improved method of tracking PALS score entry across your district or school.
