

November 2022

November News

- November is the final month for collecting data within the **recommended fall screening window** for most students. It's also a good time to dig deeper into the data you've collected, to evaluate what resources you have available for instruction and intervention, and to consolidate teams of support for each student's learning.
- District administrators, remember your **District Implementation Report** under *Division Level Reports* → *Implementation Status/Management*. This report shows exactly how many scores have been entered for each grade level at each school and is intended to help you track whether assessments have been completed.
- You don't have to wait until Mid-Year to find out whether instruction is working! Read about the [PALS Quick Checks](#), which can be used to monitor progress approximately every two weeks. Look for the *Monitor Progress: PALS Quick Checks* tile on your Teacher Home Page.
- If you need to reach our PALS team for any reason, we're happy to help. Your best bet for a fast response is by email at support@palshelp.com. Please

remember to include in your email: your name, your role, the name of your district, and a detailed description of your question or needs.

Upcoming Dates

- **November 4**
Final day of *recommended* fall assessment window. (**Note:** Teachers may still enter fall scores into the PALS Online System through December 16.)
- **Tuesday, November 15, 4:30 p.m.–5:30 p.m. ET**
